

ST. BERNARD SCHOOL

251 East Bridge Street • Breaux Bridge, LA 70517-5027

Office: 337-332-5350 • Fax: 337-332-5894

TO: Parents, Teachers, Employees, and Organizations
FROM: Ray Latiolais, Principal
DATE: August 11, 2016

As required under ACT 237 of the Louisiana legislature (1995), governing the application and use of pesticides in and around schools, we are required to maintain a hypersensitive student registry. This registry is to include information on any student known to be hypersensitive to any pesticides.

If your child is known to be hypersensitive, we need you to update the Medical Information in RenWeb. Please indicate the name of your child's physician.
